CRIB ROOMS &
WORKSTATIONS

Mobile Crib Room

The Becker mobile crib room is locally designed to meet the needs of all underground workers. The crib room can be delivered in many different varieties pending on the requirements of each site. From eating crib, completing reports, or remotely monitoring production, our crib rooms are specialised to meet all needs.

Available options include but not limited to;

- ▶ Power Supplies
- ▶ Betaworks
- ▶ Communications
- ▶ Lighting
- ▶ Pie warmers
- ▶ Storage & first aid
- ▶ Roof options

BECROC (Remote Operation Centre)

The purpose of the remote operation centre is to meet the demands of remote monitoring of Longwall mining, reducing the workers exposure to high-risk areas and allowing personnel to monitor the Longwall safely away from the face.

The BECROC is a simple and efficient solution and can also be customised designed to meet mine specific requirements. Each centre can be fitted with multiple Betaworks 3 computer screens or mine preferred options

PC POD

The PC POD is a unique working station which provides underground deputies, trades & other site personnel to carry out important tasks such as reports, monitoring of production or any other day to day activities. Each Pod can be configured to suit each site and include each of the following options

- ▶ Betaworks PC, s /mine specific
- ▶ Area communications
- ▶ Power supplies
- ▶ Lighting
- ▶ Printer
